Living Decoration. Handmade in Italy.

Living Decoration. Handmade in Italy.

A tutta la gentile Clientela, storica e nuova.

Cottoveneto dal 1968.

Un'Azienda di lunga esperienza che fa parte, a tutti gli effetti, del qualificato e prestigioso "Made in Italy" e, più precisamente, del produttivo "made in Veneto".

Cottoveneto è un patrimonio che doveva essere sostenuto, tutelato e valorizzato. Un sistema di tracciabilità del prodotto che ha da sempre garantito tutta la spontanea creatività, l'estrema cura dei dettagli e l'assoluta qualità dell'artigianato locale che ha contribuito fortemente ad elevare il valore del nostro manufatto nei mercati internazionali. Un'eccellenza del settore che, a seguito della selezione iniziata dopo il 2001 (crisi internazionale, delocalizzazione, calo vertiginoso dei consumi) avrebbe rischiato di scomparire se un Gruppo di Imprenditori lungimiranti, ancor prima che esperti di marketing, non avesse deciso di rilevare e rilanciare tutto quel patrimonio di competenze e di esperienze specifiche che, ancora oggi, esprimono una combinazione unica di sapienza artigiana, design e stile.

Cottoveneto dal 2014.

Per questi motivi la "mission" di Cottoveneto è, sin dalle origini, quella di essere un Marchio di successo ancora più forte che veleggia verso traguardi di eccellenza e di prestigio, sinonimo di cura certosina delle proprie linee di prodotto, per portare avanti il proprio "sapere" e "saper fare" quali valori che rappresentano il requisito essenziale per prevalere sulle ingannevoli logiche di contraffazione e di prezzo.

Per la competenza e la soddisfazione di un Pubblico che cerca e apprezza il valore di un Marchio nella sua autenticità e nel suo patrimonio di storia, cultura, arte e passione, al fine di qualificare sensibilmente il proprio habitat quale espressione personale del proprio stile di vita.

Tutto ciò avvalendoci degli stessi artigiani e delle maestranze che in decenni di pratica hanno sviluppato esperienza e affinato manualità, anche attingendo al nostro patrimonio storico di creatività e "genialità". Artigiani e maestranze che, per non aver mai smesso di credere nella preziosità e nelle potenzialità di Cottoveneto, desideriamo ringraziare pubblicamente.

To all our historical and new Customers.

Cottoveneto since 1968.

A long experienced Company which is, in all its aspects, active part of the qualified and prestigious "Made in Italy" sector, and locally of the "Made in Veneto" manufacturing area.

Cottoveneto is an asset that deserved to be supported, protected and developed. A product traceability system which has always guaranteed the spontaneous creativity, the extreme attention to details and the total quality of local handicraft, and that strongly enhanced the value of our products on international markets. An example of real manufacturing excellence in this field that was facing the risk, due to the well-known International crisis, the delocalization and a dramatic drop in consumption started in 2001, to disappear if it was not for a group of forward-thinking entrepreneurs who decided to invest and revive that heritage of specific skills and experiences which still express a unique combination of knowledge, design and style.

Cottoveneto starting from 2014.

For these reasons Cottoveneto "mission" is, since the very beginning, to be a stronger and stronger Brand which sails to goals of excellence and prestige, a synonym of painstaking care of its product lines, with the aim to carry on our know-how as a strong talent representing the essential requirement to overbalance the misleading price logics of counterfeiting. To satisfy demanding Customers who look for and are able to appreciate the value of an authentic Brand and its heritage of history, culture, art and passion. Customers who want to qualify their habitat and shape it an expression of their own personal lifestyle.

And this can be reached through the same artisans and craftsmen who developed their experience and manual excellence in decades of work, taking inspiration from our historical heritage of creativity and "genius". We want to publicly thank them for never stopping to believe in the quality and potential of Cottoveneto.

Muffole collection

Cottoveneto, coerente con la propria tradizione propone un ritorno all'origine che si fonde con la sapienza artigiana e l'estro creativo all'insegna dell'eleganza. Una collezione esclusiva, dalla veste preziosa grazie a ricercati effetti e nuove *texture*. Ottenute mediante l'antica tecnica della cottura lenta in forno a Muffola, la sola capace di donare ai colori quell'esclusiva e sempre diversa sequenza di affascinanti effetti in chiaroscuro. Temi classici coniugati con finiture contemporanee. Materiali di grande suggestione che dominano lo spazio creando ambienti di forte identità, suggerendo l'estetica del futuro.

Cottoveneto, following its tradition, wants to propose a journey back to the origins, where the artisan experience meets the elegant creativity. An exclusive collection based on peculiar effects and new textures. The product comes from the traditional technique of slow cooking in "Muffola" ovens, which give to colored surfaces an exclusive chiaroscuro effect. Classical topics mixed with contemporary finishing. Fascinating materials able to create spaces characterized by a strong identity.

Decorazioni ceramiche quarto fuoco ottenute da lastre 20x60 in pasta bianca, smaltate e ricotte in forno continuo quindi oggetto di ulteriore stesura di consistenti quantità di graniglia di vetro a produrre effetti lucidi e brillanti rimesse quindi in forno continuo, successivamente tagliate a disegno mediante idrogetto a formare mosaici di forme diverse, ricotti quindi nel forno medesimo e applicati su rete in fogli regolari.

Fourth fire Ceramic decorations obtained from 20x60 (7 7/8"x 24") white pasta body, glazed and annealed in continuous kiln then covered by glass grits to produce bright and shiny effects and fired again, then cut by water jet design to form mosaics of different shapes, which after fired in the same kiln, will be mesh mounted on regular different sized sheets.

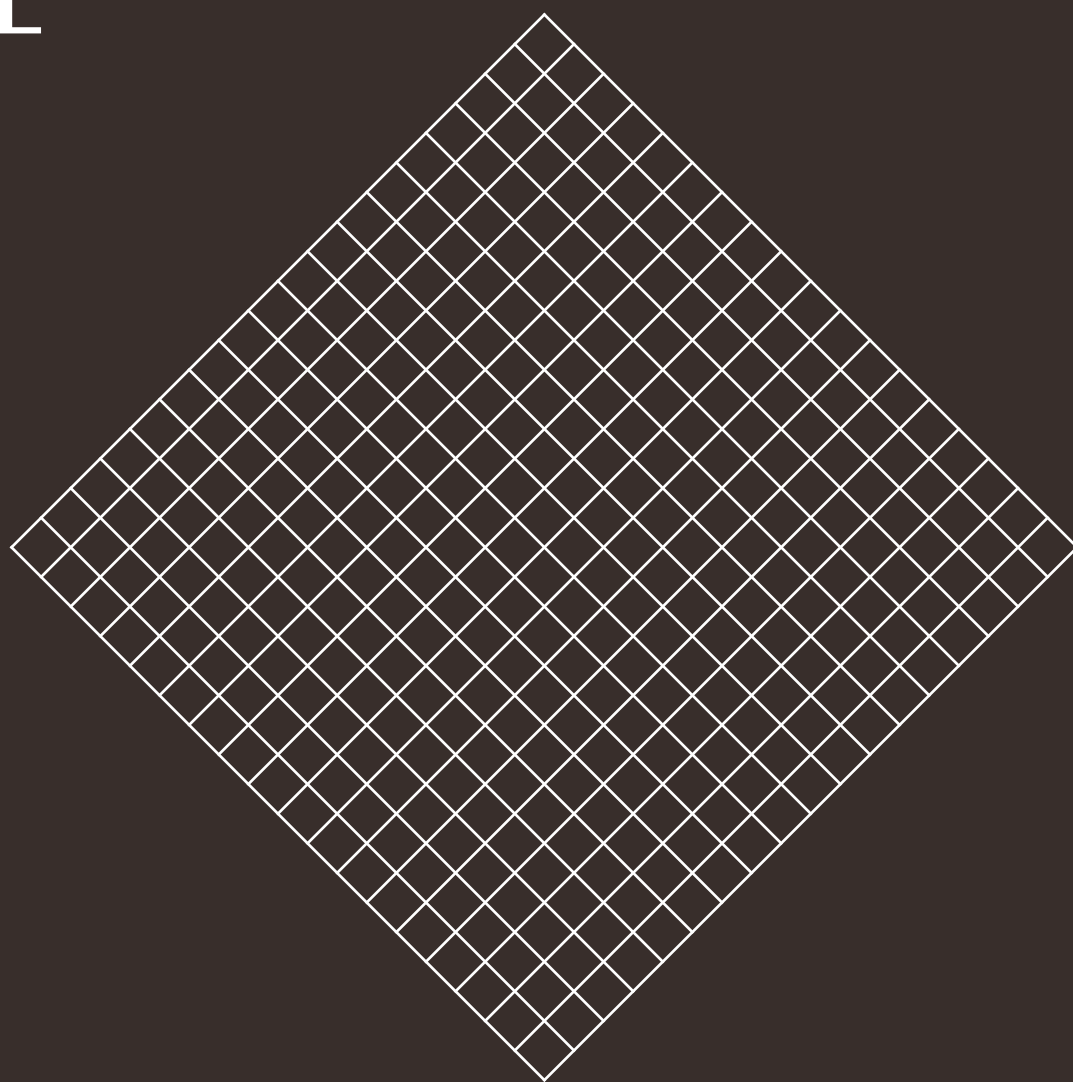

Gemme collectio

Forme morbide e sinuose, taglio cabochon a ricordare le gemme più preziose e la texture delle perle. Colori cangianti e ad effetto antichizzato per le piccole tessere: gioielli in ceramica smaltata. L'inconfondibile mosaico esegue inedite composizioni geometriche per rivestimenti di carattere. Una nuova superficie che, grazie alle dimensioni ridotte del formato, libera la creatività e l'interpretazione dello spazio.

Soft and sinuous shapes, "cabochon" cut which reminds of precious stones and pearl texture. Iridescent colors and "antique" effect for small tiles: jewels made of glazed ceramic. The mosaic follows original geometrical patterns which express a strong character. A new surface that, thanks to its small dimensions, is able to give great freedom to creativity and interpretation of the space.
