**GREEN
PROJECT**

www.usgbc.org/leed

The LEED BD&C v 4 standard (LEED Building Design & Construction), effective since 31 October 2016, is a rating system dedicated to the development of “green” buildings. Developed by the US Green Building Council and internationally recognised, it outlines the necessary requirements to build eco-compatible projects, capable of functioning in a sustainable and autonomous way from an energy point of view, as well as having a low environmental impact throughout their entire life cycle. This system is based on the allocation of credits for each single requirement: the total amount of credits defines the certification level obtained. Ceramic tiles can also contribute to the achievement of LEED points. Ceramic Atlas Concorde is a member of the US Green Building Council.

Lo standard LEED BD&C v 4 (LEED Building Design & Construction), entrato in vigore il 31 Ottobre 2016, è un sistema di rating per lo sviluppo di edifici “verdi”. Elaborato dall’US Green Building Council e riconosciuto a livello internazionale, indica i requisiti per costruire edifici eco-compatibili, capaci di funzionare in maniera sostenibile ed autosufficiente a livello energetico e di avere un basso impatto sull’ambiente durante tutto il loro ciclo di vita. Il sistema si basa sull’attribuzione di crediti per ciascuno dei requisiti: dalla somma dei crediti deriva il livello di certificazione ottenuto. Anche le piastrelle ceramiche possono contribuire al raggiungimento dei crediti LEED. Ceramiche Atlas Concorde è membro dell’US Green Building Council.

La norme LEED BD&C v 4 (LEED Building Design & Construction), entrée en vigueur le 31 octobre 2016, est un système pour l’évaluation visant au développement d’édifices écologiques. Elaboré par l’US Green Building Council, il est reconnu au niveau international et précise les critères pour construire des édifices compatibles avec l’environnement, capables de fonctionner de manière durable et autonome d’un point de vue énergétique tout en ayant un faible impact sur l’environnement durant tout leur cycle de vie. Le système se base sur l’attribution de crédits pour chacun des critères. La somme de ces crédits détermine le niveau de certification obtenu. Le carrelage en céramique peut lui aussi contribuer à obtenir des crédits LEED. Ceramiche Atlas Concorde fait partie de l’US Green Building Council.

Der am 31. Oktober in Kraft getretene Standard LEED BD&C v 4 (LEED Building Design & Construction) ist ein Bewertungssystem, das die Entwicklung “grüner” Gebäude fördert. Ausgearbeitet vom US Green Building Council ist dieser Standard international anerkannt und gibt Grundbedingungen für den Bau von öko-kompatiblen d.h. nachhaltigen und in Bezug auf Energie unabhängigen Gebäuden, die während ihres gesamten Lebenszyklus geringe Wirkung auf die Umwelt haben, vor. Das System beruht auf Credits, die man erhält, wenn diese Grundbedingungen des ökologischen Bauens erfüllt sind. Aus der Summe der Credits bestimmt sich das erreichte Zertifizierungsniveau. Auch Fliesen können zum Erreichen der LEED Credits beitragen. Ceramiche Atlas Concorde ist Mitglied des US Green Building Council.

El estándar LEED BD&C v 4 (LEED Building Design & Construction), entró en vigor el 31 de octubre de 2016, es un sistema de clasificación para el desarrollo de edificios “verdes”. Elaborado por el US Green Building Council y reconocido a nivel internacional, indica los requisitos para construir edificios eco-compatibles, capaces de funcionar de manera sostenible y autosuficiente a nivel energético y de tener un bajo impacto ambiental durante el ciclo de vida completo. El sistema se basa en la atribución de créditos por cada uno de los requisitos: de la suma de los puntos deriva el nivel de certificación obtenido. También los azulejos cerámicos pueden contribuir al conseguimento de los puntos LEED. Cerámica Atlas Concorde es miembro del US Green Building Council.

LEED BD&C v 4 (LEED Building Design & Construction - Лидерство в области энергоэффективного и экологического проектирования: проектирование зданий и строительство) - признания на международном уровне сертификационная система оценки зданий по степени экологической чистоты. Разработана Советом экологического строительства США (US Green Building Council) и устанавливает требования к проектированию и строительству зданий с точки зрения энергоэффективности, влияния на здоровье человека и окружающую среду. Система основывается на присвоении баллов по каждому из оценочных параметров, а по сумме накопленных баллов определяется уровень сертификации. Керамические плитки также могут содействовать получению баллов LEED. Ceramiche Atlas Concorde является членом Совета экологического строительства США.

BUILDING PRODUCT DISCLOSURE AND OPTIMIZATION.

VOC CONTENT. Low-emitting materials with zero emission of volatile organic compounds (VOC). It can contribute to the awarding of 1 LEED credit. VOC CONTENT. Materiali a bassa emissione con cessione nulla di sostanze organiche volatili (VOC: “volatile organic compounds”). Può contribuire al raggiungimento di 1 credito LEED. VOC CONTENT. Matériaux à faible émission avec aucune libération de substances organiques volatiles (VOC : “volatile organic compounds”). Peut contribuer à l’obtention d’1 crédit LEED. OC CONTENT. (VOC-GEHALT) Emissionsarme Materialien ohne Abgabe von flüchtigen organischen Verbindungen (VOC: “volatile organic compounds”). Kann zum Erhalt von 1 LEED Punkt beitragen. VOC CONTENT. Materiales de baja emisión sin aporte de sustancias orgánicas volátiles (VOC: “volatile organic compounds”). Puede contribuir a la obtención de 1 crédito LEED. СОДЕРЖАНИЕ ЛОС. Материалы с низким или нулевым выделением летучих органических соединений (ЛОС). Содействуют получению 1 балла LEED.

SOURCING OF RAW MATERIALS (MR) - “RECYCLED CONTENT”. For several porcelain stoneware items and all white-body wall tiles, Atlas Concorde has a certificate issued by a third party that certifies the percentage of recycled “pre-consumer” material and that can therefore help earn a LEED credit. SOURCING OF RAW MATERIALS (MR) - “RECYCLED CONTENT”. Per diversi articoli in gres porcellanato e tutti i rivestimenti in pasta bianca, Atlas Concorde dispone di una certificazione rilasciata da ente terzo che attesta la percentuale di materiale riciclato “pre-consumer” che può contribuire al raggiungimento di un credito LEED. APPROVISIONNEMENT EN MATIERES PREMIERES (MR) - «CONTENU RECYCLE». Pour plusieurs articles en gres cérame et pour tous les revêtements en pâte blanche, Atlas Concorde peut compter sur une certification octroyée par un organisme externe spécifiant le pourcentage de matière recyclée “pré-consommateur”, pouvant contribuer à la réalisation d’un crédit LEED. ROHSTOFFBESCHAFFUNG - «RECYCLINGANTEIL». Etliche Artikel von Atlas Concorde aus Feinsteinzeug und alle weißscherbigen Wandfliesen verfügen über eine durch Dritte ausgestellte Zertifizierung des Anteils an “pre-consumer“-Recyclingmaterial und können zum Erhalt eines LEED-Credits beitragen. FUENTE DE MATERIAS PRIMAS (MR) - «CONTENIDO REICLADO». Para diferentes artículos de gres porcelánico y todos los revestimientos de pasta blanca, Atlas Concorde posee la certificación expedida por una tercera entidad que testifica el porcentaje de material reciclado “pre-consumer” que puede contribuir al conseguimento de un punto LEED. ИСТОЧНИКИ СЫРЬЯ – СОДЕРЖАНИЕ ВТОРИЧНОГО СЫРЬЯ. На многие артикулы из керамогранита и все настенные плитки из белой глины Atlas Concorde третьей стороной выданы сертификаты, которые удостоверяют процент содержания в них вторичного сырья, что содействует получению одного балла LEED.

MADE IN ITALY

www.atlasconcorde.com

The Made in Italy logo of Atlas Concorde stands for style, quality and ethics. Having firmly adhered to the Ethical Code promoted by Confindustria Ceramica, Atlas Concorde places the Made in Italy logo on all the products designed and produced in Italy, that is to say ceramic tiles, decorations and the majority of special trim tiles. Only a small amount of the latter is manufactured in Spain. Atlas Concorde products are produced using eco-friendly technologies, top quality and safe raw materials with the best working conditions guaranteed for our personnel. For these reasons, Atlas Concorde’s Made in Italy is the expression of strong values such as style, design, product quality, and respect for the environment and the people who live in it.

Il marchio Made in Italy di Atlas Concorde è sinonimo di stile, qualità ed etica. Avendo aderito con convinzione al Codice Etico di Confindustria Ceramica, Atlas Concorde appone il marchio Made in Italy su tutti i prodotti studiati, progettati e realizzati in Italia, nella fattispecie tutte le piastrelle di ceramica, le decorazioni e la maggioranza dei pezzi speciali. Solo un ristretto numero di questi ultimi è fabbricato in Spagna. I prodotti Atlas Concorde sono inoltre realizzati con tecnologie rispettose dell’ambiente, utilizzando materie prime eccellenti e sicure, garantendo le migliori condizioni di lavoro. Per queste ragioni il Made in Italy di Atlas Concorde è espressione di valori forti quali stile, design, qualità del prodotto, attenzione all’ambiente e alle persone.

Ceramics of Italy

www.confindustriaceramica.it

The Ceramics of Italy logo is an exclusive identification on ceramic products which have effectively been made in Italy by companies that are a part of the Confindustria Ceramica and who adhered to its Ethical Code. This Code, promoted and created by Confindustria Ceramica, commits all companies to communicate, clearly and with transparency, the origin of their products.

Il marchio Ceramics of Italy contrassegna esclusivamente i prodotti ceramici effettivamente realizzati in Italia da un’azienda associata a Confindustria Ceramica che ha sottoscritto il Codice Etico. Il Codice, redatto dalla stessa Confindustria Ceramica, impegna a comunicare con chiarezza l’origine dei prodotti.
